**Corresponding to 6 January 2014**

**Circulation to all Licensed Banks**

In line with measures taken by the Central Bank to provide medium- term financing to licensed banks for the purpose of re- lending economic sectors, it has been thereby decided not to charge fees of import stamps for the advances extended by the Central Bank of Jordan to licensed banks as part of the program of medium- term financing, as long as banks continue to charge the fees of import stamps on these advances from their clients.

**Respectfully**

**Governor**
