

بسم الله الرحمن الرحيم

نموذج (11/01/1/1)

Number: 26/4/ 12728  
Date: Muharram 16, 1444 AH  
Corresponding to: August 14, 2022

**Circular to Banks Operating in the Kingdom,  
Electronic Payment and Money Transfer Companies  
Exchange Companies Licensed as Payment Systems Managers**

**Subject: The Electronic Portal for Data Gathering and Analysis**

**Greetings,**

In light of the Central Bank of Jordan's efforts to establish a comprehensive and accurate centralized database that enables an understanding of the electronic instruments, channels, and payment systems used in executing financial transactions to develop a complete vision of the components of the national payment system in the Kingdom and its connection with the economy, and as the Central Bank is heading towards launching the Electronic Portal for Data Gathering and Analysis on the Central Bank's live environment;

We kindly request that you provide us with the names of liaison officers by no later than Monday, August 15, 2022. These officers should include one functional officer and one technical officer, along with their contact information (email, phone number, and job title). They will be assigned a username (Admin) and will be responsible for creating user accounts (Maker & Checker) tasked with providing us with data related to electronic payment systems, instruments, and channels through the platform.

Please note that the liaison officers will be accountable for the data provided to the Central Bank.

**Respectfully**

**Governor  
Dr. Adel Al-Sharkas**
